[Docket No. ER97-3428-000]

#### Tri-Valley Corporation; Notice of Issuance of Order

August 11, 1997.

Tri-Valley Corporation (Tri-Valley) submitted for filing a rate schedule under which Tri-Valley will engage in wholesale electric power and energy transactions as a marketer. Tri-Valley also requested waiver of various Commission regulations. In particular, Tri-Valley requested that the Commission grant blanket approval under 18 CFR Part 34 of all future issuances of securities and assumptions of liability by Tri-Valley.

On August 6, 1997, pursuant to delegated authority, the Director, Division of Applications, Office of Electric Power Regulation, granted requests for blanket approval under part 34, subject to the following:

Within thirty days of the date of the order, any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by Tri-Valley should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of

Practice and Procedure (18 CFR 385.211 and 385.214).

Absent a request for hearing within this period, Tri-Valley is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of the applicant, and compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of Tri-Valley's issuances of securities or assumptions of liability.

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is September 5, 1997. Copies of the full text of the order are available from the Commission's Public Reference Branch, 888 First Street, N.E. Washington, D.C. 20426.

Take notice that on February 5, 1997, the Louisiana Public Service Commission filed a second amended

complaint under Sections 205 and 206 of the Federal Power Act, 16 U.S.C. §§ 824d and 824e against Entergy Services, Inc. As the representative of Entergy Corporation and its operating companies. The complaint seeks a revision of the Entergy System Agreement based upon allegations that the terms of the agreement, under current circumstances, are unjust and unreasonable. Specifically, the complaint alleges that the absence of any provision in the System Agreement excluding curtailable load from the determination of a company's load responsibility under the System Agreement results in an unjust and unreasonable cost allocating to companies that do not cause these costs to be incurred, and results in cross-subsidization among the companies. Additionally, it is alleged that the absence of any provision in MSS-3 for allocating marginal energy costs to customers that purchase energy under Entergy's "real time pricing" rate schedules at the retail level discriminates against a company that offers real time pricing.
